

musical thought I come up with and are always there to execute them in the best light. My thanks to them always.

This CD was recorded over a period of a few days at NOLA Recording in New York City. It has been our home for almost 20 years. We have laughed, cried, and played our blues away there. Jim Czak, John Post, and Bill Moss have provided many musicians with a place to hang, express their ideas, sometimes drink, sometimes hide, but most of all through the magic pressing of PLAY and RECORD, a place to have their ideas realized and preserved. Cheers to them!

AND Cheers to Duke Ellington!
